This extended home is the end of a row of just 3 enjoying a sunny south facing aspect to the rear and the rare facility of multi-car off-road parking. The accommodation is extended by a sizeable conservatory to the rear plus a separate enclosed porch to the front. This is a pleasant private development circa 1980 with a large green area in the middle and a popular, leafy walk around the perimeter - it is particularly popular with commuters about 1/2 a mile's walk from Arlesey's mainline station (direct to London St Pancras in about 40 mins).

The parking situation is a major bonus with 2 car side-by-side parking at the front and a garage (1) with parking space to the rear (1) - 4 cars or even 5 if you included the street space next to the front drive.

This is the larger 'straight staircase' style on this development with a conventional layout: 2 double bedrooms and a long single - the bedrooms are sufficiently ample that the owners use the 2nd bedroom as their Master. Downstairs, an enclosed porch has been added, allowing useful coats/shoes space before entering the front hall. The living accommodation is semi open-plan with broad arches separating the Living Room, Dining Room and Kitchen. The Dining Room leads out to the conservatory providing versatile additional space.

Rear garden faces very slightly west of due south - the ideal orientation for sun chasers - it separated into patio and lawn by a gated picket fence, useful for those managing pets. A side gate leads to the rear where there is a garage in a block with parking in front.
