Situated at the end of a no-through road close to Arlesey's centre and local shops is this extended semi-detached cottage with generous and flexible accommodation along with 2 car off-road parking and a long garden.

Primrose Lane runs from the High Street down to the border of the rail line, has no through traffic and is just a few minutes walk from local shopping including the pharmacy, Indian restaurant, corner shop, hairdressers, dog groomers, three take-out shops and others. This property, second last in the Lane has the advantage of a double-width driveway allowing side-by-side parking for two large cars. It also has one of the longest gardens which is neatly lawned with a wooden deck/patio next to the back door on the kitchen.

The original property has been extended both to the front and the side - the front extension gives an extra Dining space on top of the space in the Living Room whilst the side extension was once a garage but now properly converted to a double bedroom (or large office if you prefer) including necessary building consents. Behind this extra room is the larger than average bathroom including a period style suite with roll-top bath PLUS a separate shower. Whereas many cottages have the bathroom on the back, this one on the side means the Kitchen opens straight out to the garden.

With two larger double bedrooms and one smaller double bedroom, 2 car driveway, extra dining space and an impressive move-in-ready standard of decor, this home really stands out from the crowd.
